SMP are looking for Service Engineers

Well established British safe manufacturer are looking to employ service engineers to enhance the level of cover it provides to its national customer base.

Applicants will need to be self motivated with a sound knowledge of safe engineering/locksmithing.

We may consider applications from less experienced personnel who have the ambition and ability to progress quickly in this demanding but rewarding role.

A competitive salary commensurate with experience is available for the right candidates.

***To apply send CV and
covering letter by email to:***

john.humphries@smpsecurity.co.uk
